

DPAC Job Description

Member

Need for DPAC Members

The members of DPAC provide leadership, expertise and strategy to the diabetes effort in Michigan.

Key Responsibilities:

- develop and maintain a focus on the DPAC Mission and Vision;
- establish and oversee implementation of the Michigan Diabetes Strategic Plan; and
- articulate, model and promote adherence to the DPAC Guiding Principles.

DPAC Mission

To provide statewide leadership to prevent and control diabetes and reduce its impact in Michigan.

DPAC Vision

To ensure active, unified collaboration in Michigan to reduce diabetes and its complications.

Length of Term: Open

Time Commitment: Attend at least one of the two general membership meetings per year.

Reports to: the Co-Chairs of the DPAC Board.

Supported by: the DPCP staff and other DPAC members

Qualifications of a member:

- commit to DPAC and its role in implementation of the Michigan Diabetes State Plan;
- ability to listen, analyze, and to think creatively and collectively and work well with individual people and groups;
- be recognized as a leader in Diabetes and/or have a strong personal interest or commitment; and
- ability to make the necessary commitment both in time and energy.

Responsibilities of a member:

- complete work as agreed upon outside of meetings;

And as with all members of DPAC who are representing organizations.

- communicate between DPAC and the member organization;
- represent the member organization's agenda, not personal agendas;
- declare all conflicts of interest; and
- ensure the mission of the member organization is not in conflict with DPAC mission, vision and recommendations.

Benefits:

- increased networking opportunities with partners;

REV 12/2/14

- opportunity to utilize diabetes expertise and experience;
- recognition and personal satisfaction of being a member of a talented team that works to improve diabetes outcomes in Michigan;
- opportunities to expand skills and knowledge in team-building and leadership;
- opportunities to expand knowledge about diabetes and programs in Michigan;
- opportunities to contribute expertise to those making decisions affecting diabetes care in Michigan;
- receive information from DPAC partners to take back to one's organization that may reduce diabetes health care costs;
- celebration of statewide perspective of progress in reducing the impact of diabetes and its complications; and
- opportunities to influence the state policy and activities through advocacy.

DPAC Guiding Principles:

We value all voices of our partners.

Therefore, we will

- Exchange information and promote awareness of programs.
- Identify needs of our partners.
- Maintain a diverse membership.
- Encourage honest and open communication.

We value active participation of people with diabetes.

Therefore, we will

- Ensure consumer input and involvement.
- Maintain consumer representation

We value our diverse populations.

Therefore, we will

- Seek input from disparate populations. (e.g. racial, ethnic, age and socio-economic)
- Promote appropriate access to diabetes care.
- Promote the use of lay educators

We value using a scientific approach.

Therefore, we will

- Support programs and activities that are evidence-based.
- Encourage and facilitate the translation of research into practice.
- Promote evaluation in all programs.

We value creativity and innovation.

Therefore, we will

- Maintain an environment where different perspectives are respected.
- Take risks and encourage ideas.

We value you as a member.
